SOFTWARE ENGINEERING

Motivated Software Engineering student with hands-on experience in Flutter-based Android development. Skilled in building responsive applications, integrating RESTful APIs, and implementing UI/UX principles. As a Technical Lead in the Microsoft Learn Student Ambassador (MLSA) program, I have led technical initiatives, organized workshops, and guided peers in exploring innovative solutions. Eager to explore game development to combine creativity and problem-solving. Known for teamwork, problem-solving, and delivering visually appealing solutions.

KEY COMPETENCIES

| | | |
|---|---|--------------------------------------|
| Mobile app development (Flutter, Android Studio) | Version control (Git, GitHub) | Team collaboration and communication |
| API integration and testing (RESTful APIs, Postman) | Object-oriented programming (C++, Dart) | UI/UX design principles |
| Problem-solving and debugging | Critical thinking and analytical skills | Self-learning and adaptability |

PROFESSIONAL EXPERIENCE

Mative Inc

Android Development Intern

June 2024 - September 2024

- Developed and enhanced mobile applications using Flutter, focusing on creating responsive and user-friendly interfaces.
- Collaborated with the team to integrate RESTful APIs, improving data retrieval and app performance.
- Debugged and optimized existing code, reducing app crashes and improving efficiency.
- Implemented UI/UX design principles to align with user requirements and feedback.
- Gained hands-on experience with version control using Git and GitHub for project collaboration.

Ufone (Cheezious Campaign)

Customer Representative

October 2023 – November 2023

- Provided excellent customer service by addressing queries, resolving issues, and ensuring customer satisfaction for the Cheezious campaign.
- Managed incoming calls and inquiries efficiently, maintaining a high level of professionalism.
- Assisted customers in navigating services and promoted product offerings to enhance user engagement.
- Collaborated with the team to meet daily targets and improve customer retention rates.

Freelance – Fiverr

Content Writer (Gaming Niche)

Jan 2023 – March 2023

- Created engaging content on game news, reviews, and gaming accessories for diverse clients.
- Wrote SEO-optimized articles and reviews of gaming gear like controllers, headsets, and PCs.
- Delivered timely, trend-focused content, earning consistent 5-star client ratings for quality and professionalism.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Software Engineering

SZABIST University, Islamabad, Pakistan

Expected Graduation: June 2025

MongoDB Bootcamp

Issued by: LetsUpgrade | September 2024

Duration: 5 Days

Postman API Fundamentals Student Expert

Issued by: Postman | September 2024

React Native Certification

Issued by: Meta (via Coursera) | April 2024

EXTRACURRICULAR ACTIVITIES

Member, Character Building Society

SZABIST University, Islamabad

- Actively contributed to fostering ethical values and leadership initiatives within the university.

Volunteer, Blood Donation Drive

- Participated in organizing and donating blood to support health initiatives and save lives.

Technical Lead, MLSA (Microsoft Learn Student Ambassador)

- Guided and mentored peers in developing technical skills and exploring new technologies.
- Organized workshops and hackathons to promote innovative software solutions.
- Represented the university in technical forums and events, fostering community engagement.
